

玉山永續環境論壇暨環境奈米科技學術研討會

2015 Jade Mountain Forum on Sustainable Environment and Environmental Nano-Technology Conference

邀稿函

Call for Papers

玉山永續環境論壇暨環境奈米科技學術研討會，將訂於 2015 年 4 月 27-28 日，於國立成功大學光復校區國際會議廳舉行，會議內容包含下列議題，誠摯歡迎大家踴躍投稿，投稿截至日為 **2015 年 3 月 25 日 (三)**。

2015 Jade Mountain Forum on Sustainable Environment and Environmental Nano-Technology Conference will be held on 27-28 April 2015 in the International Conference Hall at Kuang Fu campus, National Cheng Kung University (NCKU). Conference topics include the issues listed below and the organizers sincerely welcome all of you to participate in the conference. Deadline for the submission of abstracts is on **25 March 2015 (Wednesday)**.

會議議題 (Topics of Conference)

玉山永續環境論壇議題 (Topics of Jade Mountain Forum on Sustainable Environment):

1. 稀貴金屬回收技術 (Precious Metal Recovery Technology)
2. 土壤污染整治技術 (Soil Remediation Technology)
3. 環境綠色創新技術 (Environmental Green Innovations Technology)
4. 節能減碳技術與策略 (Energy Conservation and Carbon Reduction Technologies and Strategies)

環境奈米科技學術研討會議題 (Topics of Environmental Nano-Technology Conference):

1. 功能性奈米材料製備與鑑定 (Preparations and Characterizations of Functional Nano-materials)
2. 奈米科技在水處理上的基礎與應用 (Fundamentals and Applications of Nano-technology on Water treatment)
3. 奈米科技在空氣污染物控制的基礎與應用 (Fundamentals and Applications of Nano-technology on Air Pollution Control)
4. 奈米科技在地下水與土壤復育的應用 (Applications of Nano-technology on Ground Water and Soil Remediation)
5. 奈米科技在能源科技上的應用 (Applications of Nano-technology on Energy Technology)
6. 先進奈米環境檢測與監控技術 (Advanced Nano-sensing and Environmental Monitoring)
7. 奈米材料的生物效應與健康風險評估 (Biological Effects of Nano-materials and Health Impact Assessment)
8. 其他奈米相關的環境保護議題 (Other Nano-material and Environmental-protection Related Issues)

會議相關資訊

會議時間：2015 年 4 月 27-28 日

會議地點：成功大學光復校區國際會議廳（臺南市東區大學路 1 號）

主辦單位：

1. 國立成功大學永續環境實驗所
2. 國立成功大學環境工程學系
3. 財團法人成大研究發展基金會
4. 行政院環境保護署
5. 行政院科技部

Conference Information

Conference Dates : 27 - 28 April 2015

Conference Venue : International Conference Hall at Kuang Fu campus, National Cheng Kung University. No.1, University Rd., East Dist., Tainan 70101 Taiwan

Conference Organizers :

1. Sustainable Environment Research Laboratory, National Cheng Kung University (SERL)
2. Department of Environmental Engineering, National Cheng Kung University (ENV)
3. NCKU Research and Development Foundation
4. Environmental Protection Administration, Executive Yuan (EPA)
5. Ministry of Science and Technology, Executive Yuan (MOST)

投稿須知

摘要格式：

- (1)玉山永續環境論壇：由主辦單位邀集專家學者進行專題演講
- (2)環境奈米技術學術研討會：請繳交英文摘要(參考摘要格式如附件)

繳交期限：2015 年 3 月 25 日(三)

摘要繳交寄至信箱：p56024102@gmail.com 林佳薇研究助理收

Instructions for Abstract

Abstract Form：

- (1)Jade Mountain Forum on Sustainable Environment :
The organizers will invite experts and scholars to give professional lecture
- (2)Environmental Nano-Technology Conference : Please submit English abstract
(The abstract form please refers to the attached document)

Deadline for submission of abstracts : 25 March 2015 (Wednesday)

Please send your abstracts to Miss Chia-Wei Lin, Research Assistant

E-mail address : p56024102@gmail.com

會議介紹

本次研討會有兩大主軸：玉山永續環境論壇及環境奈米科技。隨著人口快速增加，科技不斷突飛猛進，人類對環境的影響不斷加速，而且擴大影響範圍。為因應環境保護及資源永續利用等議題，國立成功大學永續環境實驗所（Sustainable Environment Research Laboratory, National Cheng Kung University, SERL）由 2008 年起，每年定期舉辦『玉山永續環境論壇』，藉此會議引介各相關領域學者及機構，與台灣永續環境前瞻研發之產、官、學、研進行深入對話。因此，本「玉山永續環境論壇會議」目的如下：

- 響應世界地球日及對環境保護與資源永續利用。
- 提供相關領域的學者專家一個資訊與經驗交流的平台。
- 期望以「環境零災害、資源零廢棄」為願景持續向永續環境邁進。

科技發展源於創造人類幸福，而良善的生存環境，則是人類一切幸福的根本。當奈米科技引領 21 世紀先進技術的同時，環境保護之思維也勢必進入奈米領域。奈米科技不僅提升污染防治的品質與處理層次，更提供清淨能源來源，是環境保護的重要利器，為能善用此一利器，瞭解微小世界下物質間作用的行為與傳輸，是我們能確保奈米世代下環境生態健全與人類健康的重要基礎。第一屆「環境保護與奈米科技學術研討會」於 2004 年因應環境保護的奈米新世代而生，至今已堂堂進入第十二屆，該會議提供產、官、學、研界在環境奈米科技發展與應用上學術交流的平台，旨在激發國內環境奈米科技與基礎相關研究的火花，開發具有永續發展、能解決環境問題、以及提昇人類生活福祉的核心及實用技術。因此，「環境保護與奈米科技學術研討會」目的如下：

- 研發污染控制實務技術能力
- 促進學術交流及提升研究水準
- 強化奈米感測與應用之研究
- 促進合作與技術轉移

Introduction of Conference

There are two main themes in this conference: Jade Mountain Forum on Sustainable Environment and Environmental Nano-Technology. Due to rapid population increase and ever rising technology progress, human influence on the environment has become more broad and accelerated. In response to issues of environmental protection and sustainable use of resources, the Sustainable Environment Research Laboratory, National Cheng Kung University annually holds the Jade Mountain Forum on Sustainable Environment from 2008. The Conference establishes an interactive platform for academic and related institutions, government, and industrial people of sustainable environment in Taiwan. Therefore, the purposes of Jade Mountain Forum on Sustainable Environment are as follows:

- Response to Earth Day and environmental protection and sustainable use of resources

- Provide an interactive platform for scholars and experts to share the information and experience on environmental protection
- Expect "none environmental disasters, none resource waste" as a future vision and approach to environmental sustainability

Environmental protection has stepped into a nanotechnology era in the 21th century. Nanotechnology not only improves the quality and efficiency of pollution control, but also provides alternative clean energy resources. To push the study and application of environmental nanotechnology, the conference on “Environmental Nanotechnology (ENT)” has been held annually for twelve years. The conference establishes an interactive platform for academic, government, and industrial people to share the state-of-art nanotechnology on environmental protection, and aims to inspire the related fundamental researches and development of advanced and practical techniques for sustainable environment. Therefore, the purposes of Environmental Nano-Technology Conference are presented below:

- Investigate practical techniques for pollution control
- Facilitate academic interaction and elevate study levels on environmental nano-technology
- Improve investigation and application of nano-sensing
- Encourage collaboration and technology transfer between research institutions and industry
