EARTH2015: The 13th International Symposium on East ASIAN Resources Recycling Technology

Welcome to **EARTH2015 @ PATTAYA**, Thailand
1st – 4th November 2015

On behalf of the 13th International Symposium on East ASIAN Resources Recycling Technology (EARTH2015) organizers (*Faculty of Engineering and Energy Research Institute, CHULALONGKORN University in collaboration with the National Metal and Materials Technology Center, and the Electrical and Electronics Institute*), I would like to express my sincere thank to all co-organizers (*the Mining and Materials Processing Institute of Japan, the Korean Institute of Resources Recycling, the Nonferrous Metals Society of China, and the Formosa Association of Resource Recycling of Taiwan*) as well as all IOC members for kind advice and support for the present symposium.

Sincere thanks are also expressed to all authors who submitted papers to the Symposium. You and your staff are invited to attend the EARTH2015 to be held at PATTAYA, Thailand during November 1-3, 2015. A one-day technical tour @ RAYONG province is planned to be organized on November 4, and also a Two-day technical tour @ AYUTTHAYA and SARABURI provinces on November 4-5. We look forwards to welcome you and your family at PATTAYA.

DAWAN Wiwattanadate, Ph.D.
Chair of EARTH2015

Scope and Topics

The scope of present symposium covers all aspects related to policy, management, and technology on resources recovery and recycling. Topics of interest include, but are not limited to, the followings:

- Resources Development and Utilization:
Policy, Management, and Life-cycle evaluation;
- Material Flow, Resource Economics and Policy;
- Recycling and Utilization of Wastes, including industrial wastes, e-wastes, end-life vehicles, municipal solid wastes, etc.;
- Waste-to-Energy : Policy, Management, and Technology;
- Energy, Environment, and Related Social Issues.
